Where everything is better for you!

12-14 MARCH 2016

MELBOURNE CONVENTION
& EXHIBITION CENTRE

SHELL SCHEME STAND INFORMATION

If you have booked a shell scheme stand for the event, your stand inclusions are outlined below.

STAND SIZE

For your specific stand size, please refer to your booking agreement details.

WALLS

2.4m high white melamine walls are aluminum, Octanorm frame (see image below). When attaching anything to walls, **DO NOT** use pins, staples, screws, nails, bolts, glue and paint as this will permanently damage the wall panels. Exhibitors are encouraged to use Velcro, blu tack, double-sided adhesive tape or wall-mounted shelving and hooks (all of which are available from the official stand contractor, ExpoNet). Actual Panel Size = 970mm wide x 2360mm high (please note 10mm all around this panel is inside the aluminum groove so visible size of the panel is 950mm wide x 2340mm high).

FASCIA

A fascia board in aluminum frame will be applied to all open sides of your stand.

SIGNAGE

Your company name will be displayed on the fascia board. Lettering will be computer cut vinyl in white on the fascia board. (Each sign will be a maximum of 25 characters including spaces.) **Please ensure that the 'Stand / Company Name' you submit in your Exhibitor Profile, is the SAME as name you supply in the Fascia & Stand Details Form, to ensure that attendees can easily find your stand.**

LIGHTING

2 x 120 watt spotlights (per 9 square meters of exhibit space) will be mounted on the light tracks inside the fascia board.

POWER

1 x 240 volt / 1000 watt / 4amp general-purpose power point will be provided, regardless of stand size. The power point will be located in the rear corner of the stand unless otherwise specified.

FLOORING

Flooring will be made up of coloured carpet tiles throughout the whole show

STAND CONTRACTOR

ExpoNet has been appointed Stand Contractor – the company who will build the exhibition and be able to assist you with additional services such as:

Stand upgrades Custom
built stands Stand & fascia
signage Furniture / plant
